## SIERRA . Wall Mounted Illuminating Column

The SIERRA wall mounted column tastefully complements building facades and entrances. It is available with a choice of either white light illumination or colored LED effects. Light diffuses uniformly along the full length of the acrylic lens through direct and indirect optical elements. The extruded luminaire body and integral wall bracket are fabricated from high quality aluminum. It is available with a horizontal or diagonal cut at the transition to the lens. Lamping includes ceramic metal halide or LEDs. LED colors may be red, blue, green, or RGB. All hardware is stainless steel. Standard colors; matte silver grey metallic or graphite grey. Special colors available.  Listed for Wet Locations.

Model	Height	Lamp
