SERA W. Wall Mounted Luminaire

The contemporary free-form styling of SERA W is available in two sizes. One piece die-cast aluminum housing with integral adjustable fitter slipfits tenon on the decorative steel bracket. Luminaire is standard with full cut-off, sealed optics. It may also be tilted in 5° increments up to 15°. Formed aluminum door latch fits flush to the housing and provides tool-less access to the optical compartment for easy relamping. Frameless tempered glass lens is sealed to the housing with one piece profiled silicone gasket. Hinged reflector allows tool-less push button access to electrical gear. Tray mounted ballast components attach to the reflector plate with two thumbscrews and electrical quick disconnect. All hardware is stainless steel. Fabricated steel wall bracket is hot-dip galvanized prior to being finished in finely textured paint. Standard colors; matte silver grey metallic, dark silver grey metallic, or graphite grey. Special colors available.  Listed for Wet Locations.

Model	Mounting	Lamp
SR600W	Wall	150 MH / 100 MH / 70 MH / LED
