TRAPEZ . Pole Mounted Luminaire / Wall Mount

The truncated wedge styling of the TRAPEZ provides a distinctive accent to contemporary architecture. Heavy cast aluminum housing transitions to pole top tenon mounting with rectangular arm. Screenprinted frameless, tempered glass lens with quarter-turn fastener provides tool-less access. Single or twin configurations are available in two mounting heights. Round straight pole is available in steel or aluminum. Steel pole is hot-dip galvanized prior to being finished in finely textured paint. Base cover is spun aluminum. All hardware is stainless steel. Complementary wall mounted luminaire is also available. Standard colors; matte silver grey metallic or graphite grey. Special colors available. CSA Certified for Wet Locations.

Model	Pole / Mounting	Lamp
TZ450	15' / 20' Round Straight	LED / 100 MH / 70 MH
TZ450	Wall	LED / 100 MH / 70 MH
