## LEDIA LL-OD . LED Illuminating Strip . Exterior Inground Use

Elegant in any context, LEDIA LL is ideally suited to a variety of applications. Available in four lengths, the frameless strip integrates subtly into pavers or concrete walkways to highlight or act as directional identifiers. The tempered glass lens, coated internally with a translucent white coating, is bonded to the stainless steel housing providing a sealed enclosure. LEDIA mounts into a recessed stainless steel sub-frame, which serves as a cable vault for making power connections. LED colors: red, blue, green, amber, white, or RGB. Remote 12vDC driver is required. RGB model requires color sequencer or 3-channel dimmer. Listed for wet locations.

Model	Dimensions	Wattage
LEDIA LL-OD-09	9.5" x 1.1"	4
LEDIA LL-OD-18	18.1" x 1.1"	6
LEDIA LL-OD-27	27.2" x 1.1"	9
LEDIA LL-OD-36	35.8" x 1.1"	12
LEDIA LL-OD-09 RGB	9.5" x 1.1"	6
LEDIA LL-OD-18 RGB	18.1" x 1.1"	9
LEDIA LL-OD-27 RGB	27.2" x 1.1"	12
LEDIA LL-OD-36 RGB	35.8" x 1.1"	16
