CANTO G . Pole Mounted Luminaire

The smoothly engineered shape of the CANTO combined with its gracefully arching pole creates a uniquely subtle appearance. The gentle curvature allows the pole to spatially define paths or roadways. Two luminaire sizes and three pole heights are available to meet proportional requirements of large or small scale applications. The heavy cast aluminum housing is fitted with a flat tempered glass lens with a quarter-turn fastener for easy relamping. Hinged reflector assembly allows access to the ballast tray. Steel pole with flush handhole is hot-dip galvanized prior to being finished in high quality, finely textured paint. Base cover is spun aluminum. All hardware is stainless steel. Standard colors; matte silver grey metallic or graphite grey. Special colors available. Listed for Wet Locations.

| Model | Pole | Lamp |
|------------|-------------------|--------------------------------------|
| CC450G | 17' Round Tapered | LED / 150 MH |
| CC600G | 23' Round Tapered | LED / 250 MH |
