

VALENCIA

Wall Mounted Luminaire

.hess

DESCRIPTION

The VALENCIA wall mount series is available in two sizes to satisfy a variety of building scale requirements. The cast aluminum housing with integrated slipfitter anchors stainless steel rods to support the flat spun aluminum shade, creating a classic appearance. Internal louver with white finish is standard. Optional asymmetrical louver provides added light control. Cylindrical lens is clear acrylic. Steel mounting brackets are cleanly detailed and hot-dip galvanized prior to being finished in high quality paint. All hardware is stainless steel.

SPECIFICATIONS

HOUSING

Cylindrical post top luminaire consists of base with shade supported by four stainless steel support rods. Heavy-duty cast aluminum base with integral slip fitter anchors the support rods, and is machined to include groove for gasketing and mounting surface for the lens and ballast enclosure. Shade shall be spun aluminum and free from burrs and sharp edges. Shade and base are gasketed to provide a weather-tight seal to the clear acrylic cylindrical lens. Luminaire slip fits 3" O.D. pole or tenon, and has built-in stop to limit insertion depth to 3" (VC600W) or 3.5" (VC800W). Two offset rows of three 10mm recessed setscrews secure the luminaire to the pole. All hardware is stainless steel.

OPTICS

LED module is an enclosed system with vertically oriented LED arrays mounted within a cylindrical clear acrylic lens. Light shaping diffusing film on the inside of the lens controls and shapes light distribution for optimal performance while reducing glare from the individual LEDs. Thermal management is provided via heat sinking and convective cooling within the sealed system.

ELECTRICAL

LED module is an enclosed system with vertically oriented LED arrays mounted within a cylindrical clear acrylic lens. Light shaping diffusing film on the inside of the lens controls and shapes light distribution for optimal performance while reducing glare from the individual LEDs. Thermal management is provided via heat sinking and convective cooling within the sealed system.

4000K: 2462 Lumens / 25 Watts / B2-U4-G3

Valencia 800W

3000K: 3259 Lumens / 37 Watts / B1-U3-G2
4000K: 3343 Lumens / 37 Watts / B1-U3-G2

NOTE : Due to rapid and continuous advances in LED technology, LED luminaire data is subject to change without notice and at the discretion of HessAmerica. Consult factory for current technical data.

MOUNTING

Fabricated steel bracket assembly mounts over junction box and is secured to the wall in four places by customer-supplied hardware. Two parallel square tubes with 3" O.D. tenon are welded to the 0.24" thick mounting plate. Mounting bracket is hot-dip galvanized with coating inside and out, then lightly sanded prior to painting. Bracket assembly ships pre-wired with fish tape.

FINISH

Housing is cleaned ultrasonically prior to painting. Standard finishes are finely textured dark grey, graphite grey, silver grey, black, and dark bronze. Special colors available on request.

WEIGHT: 29 Pounds

EPA: 1.9 SQ FT

INGRESS PROTECTION: IP54

CERTIFICATION

CSA/US Certified for Wet Locations

WARRANTY

Limited product warranty period including the LEDs is five years. Driver shall carry the manufacturer's limited warranty.

CUSTOMIZE YOUR EXPERIENCE.

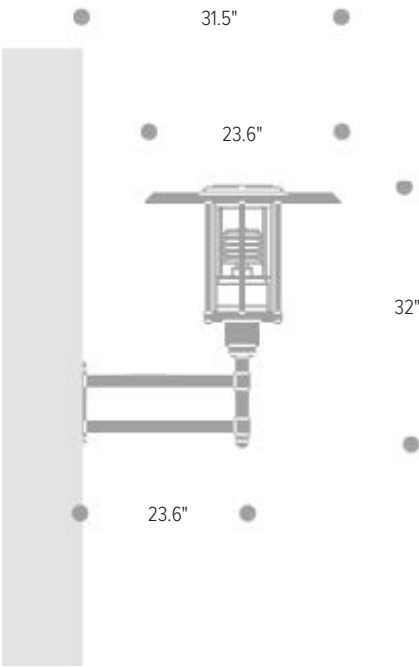

At Experience Brands, we believe every space deserves unique lighting elements. We proudly specialize in crafting solutions that reflect your personal vision. Our expert team is here to collaborate with you to design and implement customized features that elevate your environment.
